Pediatric Dentists

Dr. S. Troy Miller's quest is delivering the highest quality dental care in Lafayette. He earned a Doctor of Dental Surgery (DDS) degree from the Louisiana State University School of Dentistry. Dr. Miller stayed at LSU to complete his post-doctoral pediatric dentistry residency where he received extensive training in conscious sedation, hospital dentistry, and the treatment of children with special healthcare needs. An esteemed member of the dental community, Dr. Miller is an active member in many leading dental organizations, including the American Dental Association, Louisiana Dental Association, Acadiana District Dental Association and the American Academy of Pediatric Dentistry.

Dr. Shilpa Nileshwar joined the Quest Pediatric Dental team in 2013. Originally from Lake Charles, LA, Dr. Shilpa received a bachelor of science degree from Louisiana State University in Baton Rouge. She went on to earn a Doctor of Dental Surgery (DDS) degree from the Louisiana State University School of Dentistry. Following dental school, she completed her pediatric dentistry residency at the University of Texas Health Sciences Center in San Antonio where she received extensive training in conscious sedation, hospital dentistry, and the treatment of children with special healthcare needs.

Dr. Thomas Garitty is a graduate of Louisiana State University in Baton Rouge where he received a bachelor's degree in Biological Sciences. Upon graduation he decided to pursue a career in Dentistry and received his DDS from Louisiana State University Dental School in New Orleans, followed by the completion of a general practice residency at the Children's Hospital of Oklahoma where he received comprehensive training in Pediatric Dentistry. Moreover, he returned home to LSU to complete his post-doctoral pediatric dentistry residency, where Dr. Garitty received extensive training in conscious sedation, hospital dentistry, and the treatment of children with special healthcare needs.

Orthodontist:

Dr. Lindsey Richard Landry is a graduate of Teurlings Catholic High School. She attended the University of Louisiana at Lafayette for her bachelor's degree then received her Doctorate of Dental Surgery from Louisiana State University. Dr. Lindsey specialized in Orthodontics and Dentofacial Orthopedics from Nova Southeastern University's College of Dental Medicine. Dr. Lindsey is board certified by the American Board of Orthodontics.

Quality Pediatric Dental Care doesn't have to cost a fortune!

Quest Children's Dental Savings Plan is designed to provide affordable and quality dental care. We believe everyone should have access to affordable dentistry, which is why we designed this plan.

If you have recently lost your dental coverage, or have never had dental coverage, this plan may be the right choice for your child or children.

This plan allows us to offer our quality dental care at reduced rates. It is a good economic alternative for families that do not have dental insurance for their children.

Dental Care for Your Children

Quest Children's Dental Savings Plan is designed to provide affordability and greater access to quality dental care. There are no yearly maximums, no deductibles, no claim forms, no pre-authorization, no pre-existing, no waiting.

Program Exclusions and Limitations

This is a savings plan, and cannot be used in conjunction with any dental or health insurance. Hospital services are not covered by the dental savings plan. Non-transferable to another dental office. When Care Credit is used in conjunction with this plan, your member discount is 5 percent. Cannot be used for treatment which, in the sole opinion of the dentist, lies outside the realm of their expertise, and or, for referrals to specialists. Non-refundable.

Reasons Why Patients Love Quest Pediatric Dentistry

1. Your Team – Your Dental Family

When your child is at Quest they are part of a family. We want to get to know your child, make them comfortable with dentistry and look forward to building a relationship with them as they grow.

2. Making Young Patients Comfortable

It is our pleasure to introduce dental care in a child-friendly and stress free atmosphere. Our reception and waiting area are comfortable for grown-ups and children of all ages. Our dental lab has both open and stimulus-limited service areas to serve all.

3. Your Children See A Pediatrician

Make sure they visit a Pediatric Dental Specialist when they turn 1-year-old. A tour of the dentist and introduction to brushing is fun, which starts the journey to a cavity-free childhood.

4. They Can Do It!

Our littlest patients learn how parents will brush their teeth, until they develop enough to take over the task. We are experts in motivating our patients to perform good dental hygiene.

5. Quest Has Orthodontics Too

Would you prefer one office for both dental and orthodontic services? Quest Pediatric Dentistry offers beginning services for eventual braces and works with Orthodontists in the Acadiana area.

6. Sedation Services

Dental care does not have to be scary. Quest Pediatric Dentistry provides sedation services for treatments.

7. Conservative Treatment

Our dentists have the experience to move ahead with treatment—or settle back and let nature take its course. We don't scare patients and we don't scare parents either.

8. Options For Care

We have privileges for servicing our clients in the hospital setting. We use state of the art digital processes and can show parents instantly any conditions we discover. There are no secrets here.

9. We Have Answers

Are your child's teeth keeping you awake at night? Do you wish you had someone to help? We are here to make growing up a little bit easier. If you have questions about emergencies or maybe you are wondering how it got so bad without you noticing...call us.
